Barnstable, MA 02630

Dear District Attorney O'Keefe:

In response to your letter to Dr. Linda Han dated February 13, 2012, enclosed is a listing of all drug cases from the Cape & Islands on which chemist Annie Dookhan (ASD) has worked. The listing includes the defendant name, date submitted to the laboratory and the laboratory identification number for each sample. The laboratory does not have access to court docket numbers.

Please contact Dr. Han or me if any additional information is required.

Sincerely,

Julianne Nassif
Division Director
